

Reclaim The Night

“No More Silence on Sexual Violence”

Dear Principal

Canberra Rape Crisis Centre host Reclaim the Night on an Annual basis. It is a global event and this year we are hoping to attract our school communities.

Canberra Rape Crisis Centre assists anyone impacted by Sexual Violence. Unfortunately, one in three girls before the age of 18 and one in six women will be assaulted in a lifetime.

It is really hard to find a way to help the community talk about it, so hopefully by getting your Schools behind us and taking part in our Banner competition we will be able to get more people aware and involved in this global issue.

Please find enclosed flyer and information on our competition to pass on to Staff Members and Students who you think would like to take part in this event.

We are happy to come and speak with selected staff and students if required.

We hope to hear from you

Kind regards

Reclaim the Night Team

Canberra Rape Crisis Centre
